

# Washington Lego Explorers Robotics Team Application

The FLL robotics team is a competitive academic program that meets for practice each week and on weekends for competitions.

Students should enjoy public speaking, science, math and working with others on collaborative projects. Students also need to be able to do research and homework on their own.

It is important to keep in mind that this is a competitive program similar to a Soccer or Baseball league and can interfere with any existing programs the child may be enrolled in. This is a large commitment for students and parents.

This program session begins April 26th and continues through March of next year.

Circle one answer that best fits you.

Sometimes Always Never

- |   |   |   |   |
|---|---|---|---|
| 1. I like to figure out solutions to problems on my own.  | S | A | N |
| 2. I enjoy speaking and having conversations with others. | S | A | N |
| 3. I work well with other students on group projects.     | S | A | N |
| 4. I like being in charge.                                | S | A | N |
| 5. I enjoy giving presentations.                          | S | A | N |
| 6. I am motivated to finish what I start.                 | S | A | N |
| 7. I am diligent about cleaning up my work area.          | S | A | N |
| 8. I listen to and try other people's ideas.              | S | A | N |
| 9. I enjoy working alone .                                | S | A | N |
| 10. I enjoy doing extra research and work at home.        | S | A | N |
| 11. I enjoy being organized.                              | S | A | N |

Please list other fall sports or activities that require your participation on the weekends.

_____	_____
_____	_____

Please check one of the following:

- ☐ My participation in my other fall sport(s) activity is critical and I cannot miss any games/activities on the weekend.
- ☐ I am willing to miss games and activities on the weekend as needed to meet my Washington Robot Explorers tournament schedules.

PARENTS:

Please sign below after you have read your child's completed application and you understand and support your child's decision regarding weekend tournaments above.

- ☐ I understand my child will be participating in an after school program that meets weekly, and sometimes multiple times.
- ☐ I understand that my child may have to miss events from other programs due to weekend robotic tournaments.
